In July, 2017 Builders Without Borders, Inc. will be sending two groups of building teams to Rwanda to construct a Primary School to help those children in a rural area who would otherwise have a difficult time attending school. The school will house approximately 600 students who already have sponsors to pay for their needs.

## WE NEED YOUR SUPPORT

Builders Without Borders has partnered with Africa New Life Ministries to build a school in the Bugesera District of the Eastern Province of Rwanda. The school consists of three buildings with six classrooms each and an Administration Building.

Africa New Life Ministries manages several schools throughout Rwanda where over 90% of the students are on sponsored scholarships. ANLM's model of caring recognizes that with educational scholarships being central, there are four other factors necessary for children to succeed: stable home, growing faith, community development and healthy body. ## HOW CAN YOU HELP

The cost to send volunteer workers is significant (\$2,500/person). Any tax deductible donation would be greatly appreciated.
